2. Compliance with the EU Mobility Rule

Doctoral candidates must not have resided in the country of the recruiting university for more than twelve months during the three years prior to the employment date (expected to be 1 November 2026. Please list all countries in which you have resided or will reside, along with the number of months spent there, from October 2023 to October 2026.

Mobility Rule - [Horizon Europe Programme: Guide for applicants – MSCA DN 2025](#):

Researchers must not have resided or carried out their main activity (work, studies, etc.) in the country of the recruiting beneficiary for more than 12 months in the 36 months immediately before their date of recruitment. Compulsory national service, short stays such as holidays, and time spent as part of a procedure for obtaining refugee status under the Geneva Convention are not taken into account. For international European research organisations, international organisations, or entities created under Union law, recruited researchers must not have spent more than 12 months in the 36 months immediately before their date of recruitment in the same appointing organisation.

Note that the mobility rule applies to the (first) beneficiary where the researcher is recruited. In case of multiple recruitments, the mobility rule only applies to the first recruitment. (page 5)
